

# 2018 Residential Rebates Catalog

Together, Building  
a Better California

# Apply online for fast rebates at [pge.com/myhome/erebates](http://pge.com/myhome/erebates)

Pacific Gas and Electric Company (PG&E) offers rebates on qualified energy-efficient products and improvements for your home. When you purchase and install these products, you can save energy and money while reducing your impact on the environment. Learn more at [pge.com/rebates](http://pge.com/rebates).

## How to apply

- 1. Read** the Terms and Conditions at [pge.com/terms](http://pge.com/terms) to determine if you are eligible for a rebate.
- 2. Locate** the item(s) that you are applying for in this catalog. Be sure to review the important qualification information.
- 3. Purchase and install** the qualifying product(s) in your home between January 1, 2018 and December 31, 2018, unless otherwise noted.
- 4. Complete and submit** your application online through [pge.com/myhome/erebates](http://pge.com/myhome/erebates). All rebate applications must be received within 60 days from date of purchase.
- 5.** Rebate eligibility and amounts are subject to change at any time.

**If you are not able to complete the PG&E rebates process, please call the Smarter Energy Line at [1-800-933-9555](tel:1-800-933-9555).**

## Rebates at a glance

Rebate Code	Description	Rebate
HV359	<b>ENERGY STAR® Smart Thermostat</b> replacing manually operated thermostat	\$50/ household
HV360	<b>ENERGY STAR Smart Thermostat</b> replacing programmable thermostat	\$50/ household
BW031	<b>ENERGY STAR High-Efficiency Electric Heat Pump Storage Water Heater</b> Uniform Energy Factor (UEF) of 3.11 or greater and/or Energy Factor (EF) of 3.24 or greater	\$300/unit

### DEFINITIONS:

**A manually operated thermostat** allows user to adjust temperature setting up or down as desired by manually turning a dial or moving a lever.

**Please note:** manually operated thermostats contain mercury which need to be disposed of carefully and properly. To find a safe and free collection site near you, visit [recyclehomethermostats.org/california](https://recyclehomethermostats.org/california).

**A programmable thermostat** uses a built-in calendar and clock for temperature adjustment by day and time.

**A smart thermostat**, in addition to doing everything a programmable thermostat does, is Wi-Fi enabled and automatically adjusts heating and cooling temperature settings in your home for optimal performance.

**Uniform Energy Factor (UEF) and Energy Factor (EF)** are measures of a water heater's efficiency. UEF and EF are based on recovery efficiency, standby losses and cycling losses. A higher UEF or EF indicates a more efficient water heater.

## ENERGY STAR® Smart Thermostat

**\$50**

**REBATE** PER HOUSEHOLD

**REBATE CODE: HV359**

**\$50**

**REBATE** PER HOUSEHOLD

**REBATE CODE: HV360**

### **REQUIREMENTS:**

- To see the full list of qualifying products, visit the [ENERGY STAR website](#).
- Smart thermostat must be new, replacing an existing manual or programmable thermostat.
- Installation address must have an electric and/or gas account with PG&E.\* Only one rebate is available per account.
- Smart thermostat must be installed and connected to Wi-Fi.
- Residence must have a central heating and/or cooling system.
- Rebate application requires that you include a picture of your existing thermostat prior to installation of smart thermostat.

\*Customers who are part of a third party program such as Community Choice Aggregation (CCA), Core Gas Aggregation Service (CGAS) or Direct Access (DA) also qualify as long as all other eligibility requirements are met.

## ENERGY STAR® High-Efficiency Electric Heat Pump Storage Water Heater

**\$300**

**REBATE PER UNIT**

**REBATE CODE: BW031**

### REQUIREMENTS:

- Electric heat pump water heater must be ENERGY STAR certified at time of purchase and have a Uniform Energy Factor (UEF) of 3.11 or greater and/or Energy Factor (EF) of 3.24 or greater
  - Must have a capacity greater than 40 gallons and less than or equal to 55 gallons
  - Must be new and meet or exceed all applicable local, state and federal standards.
- Visit [marketplace.pge.com](https://marketplace.pge.com) for qualifying models.
- New electric heat pump water heater must replace an existing electric-powered water heater.
- Check with your contractor for installation requirements as regulations vary across California.
- Installation address must have an electric account with PG&E.\*

### EXCLUSIONS:

- Instantaneous or tankless water heaters do not qualify.
- New construction (residential development projects, e.g. subdivisions) installations do not qualify.
- Thermal efficiency (TE)-rated households do not qualify; only UEF- or EF-rated households are eligible for rebates.

\*Customers who are part of a Community Choice Aggregation (CCA) or Direct Access (DA) program also qualify as long as all other eligibility requirements are met.

## More ways to save

- Visit [marketplace.pge.com](https://marketplace.pge.com) to compare and purchase products for your next energy-efficient upgrade.
- In addition to rebates, PG&E offers a wide range of ways to conserve energy, save money and help the environment. Visit PG&E's Home Energy Checkup at [pge.com/checkup](https://pge.com/checkup) to see where your energy goes, pinpoint problem areas and start on the path to an energy-efficient home.
- PG&E also offers several financial assistance programs for customers in need. Visit [pge.com/financialassistance](https://pge.com/financialassistance) to see if you are eligible.
